AquaZone®

The AquaZone is a revolutionary dual zone swim spa by Signature Spas, and is the longest Australian Made acrylic model of its kind to be formed as one unit.

The AquaZone has been designed with dual temperature controls which allows the spa to be heated to 38 degrees for all your hydrotherapy needs, and the swim end to be programmed at 26 degrees for swimming and exercise.

Showcasing a 5 seater spa and spacious swim area, this truly is a complete fitness centre and a perfect addition to your outdoor living area.

There's nothing like your own Signature
